Description
-------------

Whizz Education is a global specialist in educational online tutoring and software publishing for maths. Globally recognised as the creators of the award winning Maths-Whizz® Teachers' Resource and Maths- Whizz® Tutoring Plus, Whizz Education is now a household name in several of the BSME schools. Maths-Whizz® Teachers' Resource – Designed in conjunction with leading educationalists, it is ideal for whole class learning. This visually stimulating teaching tool covers 100% of the learning objectives for the UK National Numeracy Strategy from 4-14 years. This powerful and effective educational tool helps make maths easier to teach and more fun to learn. Downloaded directly onto the server Teachers' Resource can be used by all interactive whiteboards, projectors and computers. Maths-Whizz® Tutoring Plus is an online tutoring system that replicates that of a private maths tutor. Math-Whizz is tailored to the individual students unique maths ability and contains over 1,200 animated lessons, making maths fun and educational for students.
