Special Needs Provision

We have an excellent Learning Support Team of qualified teachers, supporting the needs of all our learners.

Comments/Description

A member of the International Schools Group, Dhahran British Grammar School provides a quality education for expatriate children residing in Saudi Arabia.

The school population has an international clientele, there are almost 60 nationalities, which offers us a rich and diverse culture. The basis of our culture lies in our values: Responsibility, Acceptance, Integrity and Respect, with a commitment to act.

The school is accredited by the BSO, BSME and CIS. We are also an examination centre for Cambridge and Edexcel.

Pupils are taught by suitably qualified and experienced staff who are qualified and largely experienced, British teachers. We are all committed to learning and all teachers engage in professional development, which drives our strategic direction.

Specialist lessons offered in Key Stage 2 are Music, Art, ICT, Design Technology, Arabic, Physical Education and French. Our facilities are excellent and extensive, covering the learning needs of a highly motivated and active student body.

There is a library complex with over 100,000 books and increasingly well technologically connected to information, across the world. The facility supervised by a Head Librarian and four full-time members of staff.

DBGS offers a comprehensive after-school activity programme from Years 3 to 13. World-class facilities include two gyms, a 45 x 90 metre Astro turf football pitch, a 5-a-side Astro turf pitch, long-jump track and pit, dance studio, fitness centre, a 1,000 seat auditorium a 300 seat mini-theatre and a 10 metre climbing tower.

The Parent Volunteer Group organises a variety of family and school-based events throughout the year. Their main role is fund-raising and they have been extremely successful in recent years in providing additional school resources and equipment as well as organising fun events for our children.

Among all of our stakeholders, we encourage a culture of consultation and free communication - we allow the best ideas to be implemented, as the school constantly strives to improve. Feel free to get in touch.
