Comments/Description

Muscat International School (MIS) was founded in 1989, is centrally located in Qurum and was the first school in Oman to pioneer the IGCSE/A level curriculum. MIS is an International, co-educational day school delivering the English National Curriculum alongside Arabic, Islamic Studies and Social Studies from the Omani curriculum, to students of all nationalities from KG to Grade 12. Students thrive in a disciplined and challenging learning environment that nurtures and sustains their inquisitiveness. A strong family-school partnership is encouraged to foster a positive educational experience for each child both at school and in the home.
