Total: 56	

Special Needs Provision

Comments/Description

The school is privately owned and run by BAE Systems and will only admit the children of BAE Systems ex-pat employees only. Tabuk Primary School was founded in 1999 and is a small one form entry primary school. It is privately owned and run by BAE systems and provides a free education for the children of BAE Systems ex-pat employees only. The school is located at the heart of the Tabuk Garden Village compound and is a focal point for our small expatriate community. The school follows the National Curriculum of England and Wales as closely as possible but our curriculum framework also takes account of the international backgrounds of all our students. The staff are all experienced and highly skilled and a ratio of 8 children to 1 teacher ensures that every child receives focussed guidance and support. The staff provide a diverse after school activity programme including pursuits such as golf, chess, gardening and sports. They also organise many events such as art exhibitions which are open to the whole community. The school is extremely well resourced and has a fully up-to-date ICT suite, a design and technology room and a well equipped music room. Outside of school the children have access to sports halls, tennis courts, swimming pools, squash courts, and a large sports field.
