Comments/Description

The Pearl Primary School, part of Aldar Academies, was founded in 2007 and has grown rapidly to its full capacity of 575 children. Although we are a relatively large school, we have retained the small school ethos of friendliness, protection, care and nurturing for all children. The school follows the National Curriculum for England together with its assessments and caters for children between the ages of 3 and 11. In a short period of time, we have achieved outstanding levels of progress and attainment, supported by rigorous tracking of data and assessment in all areas of the curriculum.

We follow SEAL as part of our PSHE and promote the safety, health and well being of every child. Our curriculum offers excellence and enjoyment for all and we ensure children are offered challenging activities in all area of school life to enable them to reach their potential.

Our curriculum extends to our Extra Curricular Activities for children in years 2 to 6, with more than 40 activities to choose from after the end of the school day.

An active Friends of Pearl Association supports the school with social events and fundraising activities.

The school offers specialist teaching in Physical Education, including swimming, Music, French, Arabic, Islamic Studies and Social Studies.

Our facilities include an astroturf pitch, 25 metre swimming pool, a very large hall with stage and an extremely well resourced library. The school has invested in the latest technology to further enhance the outstanding quality of education.

Classroom and specialist teachers are recruited from the United Kingdom and are extremely well qualified and experienced. Continuous Professional Development forms an integral part of ongoing development for all teachers within Aldar Academies.
